

APRIL 2022

PRESIDENT'S CORNER

April is Financial Literacy Month and National Credit Union Youth Month. What better time than now to help all of our members learn how to manage and understand their finances?

By teaching our youth about savings and checking accounts with their credit union, one day they will fulfill their financial dreams. With our special promotion below, we can help them "Save Small. Dream Big."

We have Certified Financial Counselors to assist you with managing debt, financial goals, understanding your credit score, and so much more! At InFirst, we believe that education is the key to understanding the world around us and a necessary tool for financial health.
