

APRIL 2021

PRESIDENT'S CORNER

April is Financial Literacy Month and National Credit Union Youth Month. What better time than spring to raise awareness of, and emphasize, the need to help all of our members learn how to better understand and manage their finances?

For 86 years, our mission has been to deliver a lifetime of financial solutions to our family of members. At InFirst, we believe that education is the key to understanding the world around us and a necessary tool for financial health. It is never too early to start with the youngest members in your family.

During the months of April and May, InFirst Federal Credit Union will match the initial deposit (up to \$50) to anyone who opens a new Youth Savings Account, Teen Checking Account, or Youth Share Certificate. Call us for more information or [click here](#).

To learn how you can help teach our youngest members healthy financial habits, check out our blog post "Don't Let Your Savings Go Extinct!"
